

A message from our board chair Trevor Corey

For many patients at Horizon Health Network's Dr. Everett Chalmers Regional Hospital, not being able to see the people they love is a sad reality this holiday season.

This is why we have established the **Patient Impact Fund** to help those who need it most. This fund will help provide hospitalized patients – especially those still waiting for long-term care options to become available – to pass the time and find enjoyment this Christmas season.

Christmas will be here before you know it. The more contributions we receive, the better we'll be able to help hospitalized patients enjoy the holidays and ease the financial burden of many who need essential treatment over the Christmas season.

Click the [Donate](#) button below to give, and please continue reading to find out how your donations to the **Patient Impact Fund** will be used and the people it will help.

[DONATE](#)

You have the power to improve the lives of others this holiday season when you donate to the **Patient Impact Fund**.

You ensure those who need help the most get care they deserve

When you donate to the **Patient Impact Fund**, you'll provide hospitalized patients with items such as:

- Books, crossword puzzles, electronic devices

If enough donors help, we may even be able to purchase new iPads, so more patients can get the chance to video-chat with friends and relatives this Christmas season!

Donations will also help cash-strapped patients – especially those living with cancer – pay for essentials like gas and meals so they can get to and from the hospital for essential treatments at Christmas time and as need arises throughout the year. Parents, whose young ones are in our hospital's Neonatal Intensive Care Unit, will be given support to pay for accommodations so that they can stay close to their babies.

In short, your donations to the **Patient Impact Fund** will provide compassion and care to those who need it now more than ever.

Can't think of a Christmas gift for that hard-to-buy-for person in your life? Send them a personalized e-Card!

When you make an online donation to the **Patient Impact Fund** through our website: chalmersfoundation.com, you have the option of dedicating your gift to that special person in your life. When you dedicate your donation, you can send your loved-one our customized free e-Card and write your own personalized message to them.

You're not only helping to brighten the day of hospitalized patients with your donation, but you're also sending a simple message to your loved-one to let them know how much you care. Considering how challenging it can sometimes be to choose the right gift for someone, our e-Card is an excellent option where you can have the most impact!
